Mrs Katagiri explained, We have tested Gun-type scanners and Magnetic readers but we realized that IT-G500 has the best reading quality.. Tower Records Japan Code Reading AndMrs Katagiri IT General Manager told We did comparison test on cost, operation and quality among several manufacturers and concluded Casio DT-970 is the best handheld due to barcode reading and usability even for sales clerks new to Handheld.. , Mr Ito Administration Dept told In Former inventory checking, store workers were obliged to peel off the plastic films to read the barcodes on non-readable CDs and DVDs and took long time to rescan the items which got scanning errors once.. But DT-970 has very good scanning quality and we have no scanning errors at all We are very satisfied at test result.. IT-G500 C-MOS scanner can read OCR-B fonts which are broadly used for passport descriptions.
